"In my seventh year at Florida Southern College, my enthusiasm and expectations for the college are high. The largest freshman class in the college was welcomed to the college. This class will be welcomed by a faculty and staff committed to creating a quality educational environment and supporting each student as they progress toward graduation. Upperclassmen returned to a campus that was dramatically improved by the completed renovations to the Polk Science Building, Edge Hall, and the mall area under the dining hall. A state-of-the-art greenhouse was completed for citrus, horticulture and science students. To this year's graduates, my congratulations and best wishes. Thank you for allowing FSC to be a part of your intellectual journey."

-Dr. Thomas Reushling, President

R E S I D E N T

"The President is faster than a speeding bullet,
More powerful than a locomotive,
Leaps tall buildings in a single bound,
Walks on water,
Dictates policy to God.

The Vice-President of Student Affairs
is faster than a speeding bullet,
Leaps short buildings in a single
bound,
Walks on water in calm seas,
Talks with God.

The Director of Housing and
Residence Life is faster than a
decelerating bullet,
Just as powerful as a switching
locomotive,
Leaps short buildings with a running
start and favorable wind,
Walks on water occasionally with a life
preserver,
Talks with God if a special request is
approved.

The Area Coordinators can fire a speeding bullet,
Lose tug of war with a locomotive,
Barely clear straw huts,
swim well,

Are addressed by God.

Hall Coordinators can occasionally fire a speeding bullet
without inflicting self-injury,
Are run over by locomotives,
Leave low marks on tall buildings when trying
to leap them in a single bound,
Dog paddle,
Talk with animals.

The Secretaries at Student Life are
not issued live ammunition,
Can correctly identify a locomotive
two out of three times,
Run into buildings,
Stay afloat with the aid of life pre-
servers,
Talk to walls.

The Desk Assistants play with water
pistols,
Say, "Look at the choo-choo,"
Trip over doorsteps,
Play in mud puddles,
Mumble a lot.

The RA's catch speeding bullets in their mouths
and eat them,
Kick locomotives off the track,
Pick up tall buildings and walk under them,

"The RA's are simply REMARKABLE!" ~ staff

SAFETY

"I love the job, I really do. I can hardly wait to get here every morning. I love to be of service to someone, to help someone who really needs it."

~Chuck Long, Safety officer

PSYCHOLOGY

"Because psychology is consistently a popular major and career choice, our department focuses on education and training for the real world. We have an active student honor society group and students enjoy working closely with the professors, which I think makes our department an enjoyable place for learning and exploring the complexities of human behavior."

~Dr. Bruce Darby,
Psychology Chair

T H E A T R E

"As the fall semester began we were finishing the installation of new lighting and sound systems in Buckner Theatre, making it one the best equipped facilities in the central Florida area, plus unpacking a lot of new equipment to use with those systems. We also had the opportunity to produce the World Premiere of a new play based on the Holocaust and had the playwright here for its opening performances. So far it has been a very exciting year for us."

~Jim Beck, Theatre Chair

MUSIC

"The study of music is best realized, made real, in performance.
Theory becomes reality on the spot in live performance."

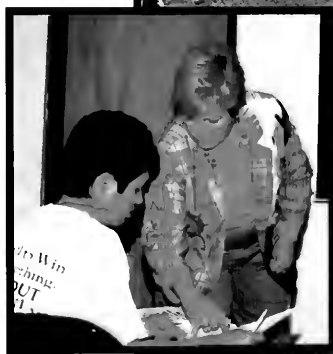

~Robert MacDonald, Music Co-Chair

PHYSICAL EDUCATION

"The Physical Education Department goal is to promote the aquisition of knowledge; develop positive beliefs, attitudes and values; and provide opportunities to learn and practice skills and behaviors that support the student's chosen major. New this year is an athletic training intructional lab where our students can practice and Re-refine the skills taught in their classes."

~Kathleen M. Benn,
Physical Education

MASS COMMUNICATIONS

"The Communication

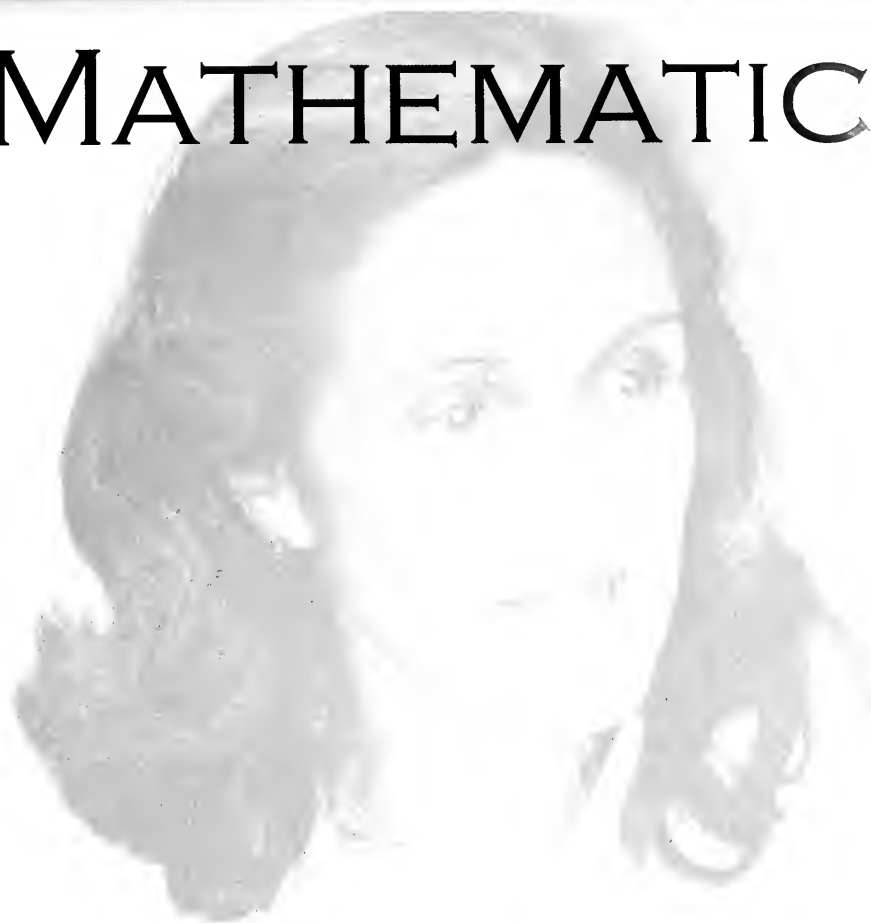

Department continues to grow and change with the industries we study. These are exciting times in the media, public relations and advertising fields, and that excitement provides a foundation for everything we do here! From our writing courses to our courses that focus on technology and production, we're getting students ready for vibrant careers that will help shape our culture."

SOCIOLOGY

"Human behavior is the most fascinating subject matter I can think of. It is one of the most dramatic challenges before us today. What a blessing it is to work with students interested in this field, students interested in bettering society."

~Dr. Edwin Plowman,
Sociology and
Criminology Chair

ENGLISH

"We are lucky, I think, to have such a great team of professors--all with different interests, all actually interested in both their specialties and their students. As time permits, we hope to develop more classes that will be pertinent to students' careers--and to their perspectives on life beyond the workplace."

~Paula Buck, English Chair

HISTORY

"Through our disciplines, we seek to inform students not only in order to serve their eventual vocational objectives, but also to enrich the totality of their lives by providing them with learnings and insights which will inform their paths through life."

~Rand Sutherland, History and Political Science Chair

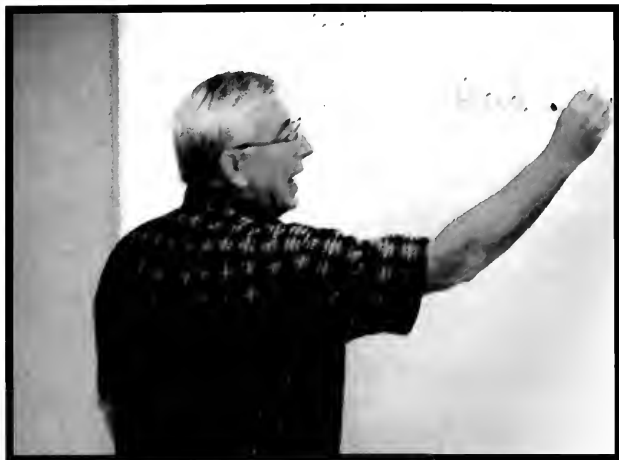

ART

"The Art Department has grown from seventeen to seventy majors over the last four and a half years and has begun sending its graduates into some excellent jobs and impressive graduate schools. We are growing into one of the most outstanding college art departments in the Southeast."

~Jim Rogers, Art Chair

BIOLOGY

"In addition to inculcating the concepts associated with a liberal arts education, our Biology Department faculty are dedicated to providing the undergraduate biology student with the information, knowledge and essential skills required for graduate school, professional school, teaching, or for employment in today's society."

~Dr. John Tripp, Biology Chair

R.O.T.C

"The goal of ROTC is to develop young men and women to be successful future leaders for America. We've made some major changes based on cadet input and we've developed an exciting, cadet-run program. I'm still trying to figure out how I got such a great job!"

~Lieutenant Colonel A. A. Zapata,
ROTC Battalion Commander

EDUCATION

"We help students who feel called to become classroom teachers develop their love for the students, for their subject, and for sharing themselves through their teaching. We are proud of the fact that three of the past four Polk County teachers of the year are graduates of the Education Department at Florida Southern College."

HERE IT IS, THE LAST WORD. JUST SEEMS STRANGE THAT I GET IT. WHO AM I? JUST ANOTHER SCHMUCK WHO GOT WRAPPED UP IN A JOB HE THOUGHT HE COULD HANDLE AND ENDED UP LEARNING LESSONS AND MAKING STANDS HE NEVER THOUGHT HE'D HAVE TO. FOR THAT EXPERIENCE I'M THANKFUL, IF NOT ALL THE MORE TIRED, BEAT UP AND HAPPY.

I HAVE A FEW THINGS TO SAY, THOUGH, AND THIS IS A GOOD OPPORTUNITY TO SAY THEM. IN BLACK AND WHITE I CAN'T BE CENSURED, CONTROLLED, OR COVERED-UP. I SUPPOSE THIS PAGE COULD BE GLUED TO THE BACK OF THE YEARBOOK, I SUPPOSE MY DIPLOMA COULD BE REVOKED (OR BURNED IN FRONT OF ME WHILE THE ADMINISTRATION DANCES AND SINGS). I SUPPOSE I COULD HAVE A HEFTY FINE ASSESSED TO MY STUDENT ACCOUNT. BUT LIFE'S TOO SHORT TO WORRY ABOUT THE LITTLE THINGS LIKE THAT, RIGHT?

I'VE ACTUALLY WRITTEN THIS PART ABOUT FOUR OR FIVE TIMES. ANYTHING I TRY AND SAY COMES OUT SOUNDING STUPID, SO I'LL JUST PULL SOMETHING OUT OF A CD COVER AND SAY THANKS TO GOD, FAMILY, FRIENDS, AND RADIOHEAD. BEYOND THAT I COULD APOLOGIZE TO ANY STUDENT WHO IS DISAPPOINTED IN THIS BOOK, TELL ALICE I WILL LIVE AND DIE FOR HER, GIVE ALL THE GLORY TO GOD, AND TELL ALL THE CHEESES TO KEEP IT REAL IN ZAX.

BEST OF LUCK TO ALL,

F R E D J . K O E H L E R I I
